

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes,
and dreams? What other thoughts
might influence their behavior?

We hope this project will be useful for the next generation.

I imagine one thing and ofcourse we say that all people return to the natural world.

They are accepted to this project.

They need more irrigation fesilities.

They think solar power system is essential for agriculture.

they thing that water suply is neccessary for agriculture

People who are very interested in agriculture.

They are like this field.

Every time they think of what plan to execute next.

now they festr that agriculture is doomed

They fear he end of agriculture for this generation.

Theh.e harveste yield of thy take great pleasure in increasing t

Does

What behavior have we observed?
What can we imagine them doing?

Feels

What are their fears, frustrations, and anxieties? What other feelings might influence their behavior?
